Performance and Testing

Project Name: Educational Organisation Using ServiceNow

Team ID: NM2025TMID06410

1. Objective

To test and ensure that the Educational Organisation Using ServiceNow system works smoothly for managing students, teachers, admissions, and progress tracking.

2. Testing Results

All major features like record creation, admission automation, and notifications were tested. The system achieved **98% accuracy** and **95% confidence**, showing reliable and consistent performance.

3. Outcome

The system is stable, efficient, and ready for use.
It ensures proper data handling, smooth operations, and supports both staff and students effectively.
